

## What Does "SMF" Mean To You?

If you have a son or daughter in the Armed Forces of the United States, or if you are a veteran, then you undoubtedly know that the initials "SMF" stand for Red Cross Service to Military Families!

The American Red Cross is required by Charter of the Congress of the United States to render assistance to all Military Service Personnel and their Families in time of need, without regard as to whether this Nation is at War or Peace.

The commonest form of that aid is to transmit information or inquiries between the Serviceman and his Family in time of emergency. No matter where the Serviceman is located in the world, through American National Red Cross world wide communication system, known as AMCROSS, prompt communication can be achieved.

In emergencies such as illness in the family, death, imminent death or similar family problems, local Red Cross chapters upon request will transmit appropriate information to the Serviceman at his post without charge. In the fiscal year just completed, Crawford County Chapter incurred roughly \$400 worth of long distance telephone expense in performing their obligations to render this service to Servicemen and their Families of Crawford County, or who were in Crawford County when they needed help.

Funds can be transferred through AMCROSS to Servicemen at their stations or from Servicemen to their Families in emergencies. When needed, money is loaned to Servicemen or to their Families until other arrangements can be provided. Last fiscal year, this Chapter loaned \$1100.00 under such circumstances.

In special situations, grants can be made, although this is not the normal resolution of financial emergencies to Servicemen and their Families.

This Service to Military Families is performed in Crawford County by Volunteers and is available 24 hours per day, 365 days per year, by calling 348-9364 or 348-9606.

SMF is another vital Red Cross service to the community! But, to keep this vital service going, Red Cross must have your financial support! October is Red Cross Fund Drive Month!

Please do your share! Send as big a contribution as you can to the Crawford County Chapter/American Red Cross, P.O. Box 649, Grayling, Mich. 49738.

Thank you from the American Red Cross Volunteers.

# In Bankruptcy Court at Bay City Sale of The Polyhedron Set For Friday

A petition for the sale and removal of the Polyhedron Building at Bear Mountain has been filed by Winn Hedglin, Trustee in Bankruptcy, and will be heard before the Bankruptcy Court at 2:00 p.m. Friday, October 17th in Bay City.

Stipulations in the petition for the sale and removal include the following material and provisions:

1. The items to be sold are the Polyhedron Building, all additions thereto, its contents and salvage value, BUT NOT INCLUDING the Liquor License.

2. The Polyhedron Building, including the Bar and Swimming Pool, must be removed from the premises, either by demolition or by moving; all building footings and concrete work must be reduced to below ground level; all holes must be filled and the land restored to its original state and seeded to prevent wind erosion.

3. The successful bidder will be required to disconnect and cap the water line used for fire protection in the Polyhedron Building at its source at the top of the hill, so as not to disrupt the fire protection for the Bear Museum.

4. The successful bidder will be required to enter into either a cash or surety bond in the amount of \$1,000.00 to guarantee that all clean-up work and seeding is completed.

5. All work on the removal of the building, capping the water line, burying, filling, grading and seeding must be completed on or before April 17, 1976.

6. Terms of the sale will be cash or certified check, made payable to the Trustee for the full amount of the sale upon confirmation of the sale by the Court.

The Trustee has been offered the sum of \$65,000.00 by the Otsego Ski Club, Inc., operators of Hidden Valley at Gaylord for the above described property, and at this hearing, the Court will approve and confirm the sale unless an upset bid is received in an amount not less than 10% in excess of the already noted bid, in which case, the sale will be opened to auction bidding and will proceed until a successful bidder is announced and confirmed.

The Liquor License will not be sold with the Polyhedron Building, but the Trustee will accept bids on the sale of the same at the close of the above hearing.

Unfortunately, a news release earlier carried incorrectly the sale of the activities building, the toboggan building and A-Frame, the garage building, ski lifts and ski equipment, along with the Polyhedron building, Mr. Hedglin stated in a letter received by the Grayling Winter Sports Association, Inc.

This is an error. The sale scheduled for October 17th, is to sell the Polyhedron building and contents only. The ski equipment, warming house, toboggan building, garage, and all other assets of the Grayling Community Recreation Area, Inc. will be sold at a different time, and will not be considered at this sale on October 17th, Hedglin added.

Previously the Grayling Winter Sports Association, Inc. had been granted permission to operate the ski facility at Bear Mountain for the 1975-76 season, with operation similar to last year.

Officers for the Winter Sports Association for the coming year are: Paul J. Thomson, Fraser M. Dean, Bernard J. Fowler, Derek E. McEvers and Joseph H. Stripe.

## Cong. Ruppe Here October 15

WASHINGTON — Plans were announced here today for a seven county visit this week to the Northern Lower Peninsula by Congressman Philip E. Ruppe, R-11th District.

The 27 county district Ruppe represents in Congress includes the 12 northernmost counties of the lower peninsula as well as the entire Upper Peninsula.

The Washington solon will be in Grayling Wednesday, Oct. 15th where he will speak at a meeting of Crawford County Republicans at the Grayling House Restaurant at 5:30 p.m. and hold another town hall meeting at 7:30 p.m. at the Crawford County Building.

## Artists Sketch Of New Frederic Elementary Addition

November 4, voters in the Crawford AuSable School District will be asked to pass a proposal that will enable the District to erect a new addition to the present four classroom structure that houses Frederic's primary grades.

Designed to replace the older 2 1/2 story structure that has become dangerously obsolete (Former Frederic High School Building) the addition will house seven classrooms, a library, a gymnasium, a multi-purpose room (for music, art, dining), an office area, and a small room for testing, speech therapy, etc.

Superintendent Fraser Dean stated that the building will cost \$545,000 and will require a millage levy of 3/4 mills. 3/4 mill works out to average annual tax of .75 cents per thousand of assessed valuation and would cost the average taxpayer about five dollars per year.

Four persons have filed petitions for the three vacancies on the city council to assure somewhat of a contest at the Tuesday, November 4th election. Incumbents Derek E. McEvers of 307 Chestnut St., and Robert B. Golnick, 609 Clyde St., filed for reelection.

Georgia M. Knight, 705 Michigan Ave., and Wayne A. Hindmarsh, 402 Chestnut St., were the others filing for the vacancies.

Leo Palmer, present councilman, will not be seeking reelection. With two elections scheduled for Nov. 4th, one for the city council and the other a school bonding issue, voters in the city of Grayling will have to cast their ballot at two separate locations.

The bonding proposal to build a new addition to the Frederic Elementary School will be voted on at the middle school gym, while the city council election will be held at the city hall.

## CETA Employees Repair, Remodel COOR Buildings

COOR Intermediate School District's new headquarters at Pioneer Hill Sports Park near Roscommon have been undergoing extensive repair and remodeling since the complex was acquired in December, 1974.

The work is being supervised by CETA employees Frank Kaunitz, Michael Kujat and Hoy McDonald, who were assisted during the summer months by some 27 members of the work experience youth program.

Projects completed to date include reshingling the roof and insulating the log club house that houses business offices and data processing equipment. Work experience program members, ages 14 to 21, assisted in this project as well as cleaning up the area, mowing grass, cutting and piling firewood, cleaning up around the farm buildings, with many learning the basics of the carpenter trade.

At the present time the three CETA employees, two of them, Kaunitz and Kujat, experienced carpenters, are repairing the adult residence facility and the old toboggan house. The project included moving the carpenter shop from the basement of the club house to the basement of the residence facility where new beams were installed. Rebuilding a block wall and replacing 76 lites of glass in windows in the old toboggan house was accomplished with the aid of NYC workers.

The club house remodeling project, still underway, includes a new front entrance and door, new paneling, new reception room, a new office, office partitions and a new heating unit, according to Jack Gretzinger, COOR Superintendent.

COOR headquarters is located on 127 acres of prime wooded land overlooking Higgins Lake in Gerrish Township, Roscommon County. The acreage, plus Pioneer Hill Sports Park club house, outbuildings, a farm home and barns, was given to the Intermediate School District by the Roy DeWitt family last fall.

CETA funds are channeled through counties, local government agencies and non-profit organizations by Region 7B Manpower Consortium with headquarters at Harrison. The Consortium functions with a Board of Directors, one from each of the nine area counties, and a director.

## Vikes Win on Field Goal

The Grayling Vikings won their second M-HS Conference game last Friday in professional style, when with but 4 seconds remaining, Dan Bonamie drilled a 35-yard field goal attempt as the Vikes nipped the Rogers City Hurons, 9-7.

Bonamie's chance to put the foot back into football came after the Vikings defense, lead by Larry Baynham, stopped the Hurons on the 6-inch line, with the Vikes offense taking over to move the ball down to their own 25 yard line with the clock running out, and set up the field goal attempt.

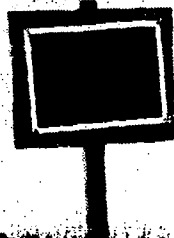

With the win, the Vikes now stand 2-2 in league play, and also spoiled Rogers City's [See Football on page 9]

GRAYLING, MICHIGAN — THURSDAY, OCTOBER 16, 1975

## From Our Corner...

Time again to clean out our note book. Following a call from Dick Brown up at Bradford Lake last Wednesday about the dam breaking through at the head waters of the AuSable, and which has lowered the water level of the lake, we have tried with no avail to find out the governing body that controls the level of lakes and rivers.

We would appreciate any information from our readers of whom we may contact on the legality and responsibility of keeping the water table where it should be.

For those who missed the Grayling Rotary Club Minstrel Show last week, all we can say is that you missed a most enjoyable evening. We may add though, their pre-show propaganda was a bit blown out of retrospect — and for our roasting, we advise they stay in Grayling and not try to take the show on the road.

Again last Saturday night, Grayling Booster Club's annual dinner - dance was a huge success. Nearly 350 stalwarts, ladies and gents, turned out to what is becoming one of the bigger events in our Hamlet.

What the Booster Club has done, and what is projected for the future, is almost out of the realm of reason — but, with those serving on the board of directors and the officers, the only thing in their minds is to help the youth of our area in any way they possibly can.

## Centerpieces Are Needed

Centerpieces are needed for the tables at the Senior Citizens Center in Grayling. Does your group like to do crafts? Will you help us?

Each day at noon forty senior citizens gather in the dining room at Ausagra Acres for dinner. Ten tables are used for seating these persons. To brighten their day and give a conversation piece to help them get acquainted, we try to change the centerpieces at least once a month.

The dining room is used for various other meetings, bingo, and classes; the tables are taken down and moved frequently. Centerpieces must be easily movable. Many senior citizens are less than 5 feet tall. Centerpieces should not be more than 6 inches tall and 8 inches wide.

Could your group supply ten centerpieces for one month to be used during the coming year? If you would like to do this, call us at 348-9314 and tell us for which month you would like to supply them. Some patterns are available through our craft department but your own ideas may be better. At the present time we need centerpieces for November and all months after that. Call me and I'll be glad to discuss this matter with you.

## Hunting and Fishing Report

(By "Skip" Madsen)

Harrisville and Charlevoix are the hotspots for salmon fishing, with lake trout also being caught off the pier in Charlevoix. Splake also being caught at Harrisville, and brown trout at Alpena on small spoons by trolling.

Duck season opened with very little action due to warm sunny days, hunting should improve with colder weather. There are a few geese coming down, but as always are hard to get.

Grouse hunting is slow with more woodcock reported than grouse.

Rabbits are plentiful with hunters having great success mostly in the planted pines.

Outlook is reported good for pheasant opener October 20th, with best area's probably being in Ottawa and Allegan counties where mall carriers count is up about 20% over last year. Ingham, Clinton and Eaton counties are up about 10%.

Bow hunters are having good success with almost all hunters seeing deer. We seldom seem to hear who gets one though.

## MARRIAGE ANNOUNCED

Mr. and Mrs. Robert Smock announce the marriage of their daughter, Beverly K., to Wayne C. Nicolais on September 7, 1975. They were married by Judge Elmer Howey at 2:30 p.m. at the home of Wayne's parents, Carl and Priscilla Nicolais of Grand Marais, Minnesota.

Wayne's brother, Russell, and sister, Anne, were the couple's attendants.

Beverly wore a long peach colored dress with empire waist. The groom wore a navy blue suit.

The new Mrs. Nicolais is a 1972 graduate of Grayling High School. She has been working in Grand Marais this past winter. Her husband is a 1968 graduate of Cook County High School, Grand Marais, and is presently attending Pipestone Vo-Tech to be a meat cutter.

Beverly has been visiting her parents here and will soon rejoin her husband at Pipestone.

## The Bible Speaks

From Calvary Baptist Church

### Prophecies of Antichrist Continued

In 2 Thessalonians 2:9 we are reminded of the prophecy that antichrist shall exercise the power of Satan in great charismatic displays of miracles, signs and lying wonders. Satan will mimic everything from divine healing to the communication of new truth through visions and unknown tongues. "Even him, whose coming is after the working of Satan with all power and signs and lying wonders, and will all deceptions of unrighteousness in them that perish."

The first reaction of some is, "why does God allow the antichrist to deceive these poor people?" The answer is given in the remainder of the verse, "...because they received not the love of the truth, that they might be saved." There may be millions of people living today who shall be deceived by

antichrist because they refused to accept the truth of the Bible when they had a chance.

And because they refused to accept the truth of the Bible and receive Jesus Christ into their hearts by faith, they shall later be blinded to the truth so that Satan can deceive their hearts and minds. "And for this cause God shall send them strong delusion, that they should believe a lie." 2 Thessalonians 2:11.

The end of all these people who reject the truth of the Bible and the person of Jesus Christ because they are too busy enjoying the pleasures of sin, is eternal damnation. "That they all might be damned who believe not the truth, but had pleasure in unrighteousness." 2 Thessalonians 2:12.

From the above verses we detect two classes of people, the saved and the damned. One group is going to a place of beauty and glory called Heaven, the other group is going to a place of eternal torment and punishment called Hell. One group is following the Lord Jesus Christ as their savior and God, the other is being led by the spirit of antichrist or Satan. One group lives a life in obedience to the love of the truth or Bible, the other lives to enjoy the pleasures of sin or unrighteousness. If Jesus Christ were to rapture the church today, and He could, which group would you be in? (adv.)

Pastor Barnett

## Kolka-Hatfield Exchange Vows

On Saturday, September 20, at Mt. Hope Lutheran Church, Nancy Lee Kolka became the bride of James Arthur Hatfield. Rev. Paul Weber performed the double ring five o'clock ceremony before some 300 guests for the daughter of Mr. and Mrs. James M. Kolka and the son of Mr. and Mrs. James W. Hatfield, all of Grayling.

Organist was Mrs. Joseph Schrader of Grayling. Mr. Douglas Thomas of Roscommon played the guitar and sang "How Can I Tell You", "Wedding Song" and "Time in a Bottle". Rev. Weber sang "The Lord's Prayer" and chanted the benediction.

Coral roses and yellow mums graced the altar while white mums, green fern and white satin streamers enhanced the tall candelabra stands and pews. The bride was given in marriage by her father.

For her wedding, the bride wore a white floor length gown of organza over taffeta. Alencon lace and ruffles accented the empire bodice, long Juliet sleeves and high neckline. Self ruffles outlined the hemline of her semi-full skirt and chapel length train while a Juliet cap of matching lace and pearls held her full veil of bridal illusion. She carried a cascade of coral roses, yellow miniature mums and fern.

The maid of honor was Lynn Carol Kolka, sister of the bride. She wore a floor length gown of coral polyester crepe and a white lace picture hat. Bridesmaids were Corliss Sue Higgins of Livonia, cousin of the bride, and Linda Marie Hatfield, sister of the groom. They wore identical yellow polyester crepe floor length gowns and white lace picture hats. All three carried bouquets of coral roses, yellow miniature mums, baby's breath and dried wheat, tied with brown velvet ribbon.

Flower girls were Sheri Ann Linendoll, cousin of the bride, and Sonia K. Pratt, cousin of the groom. Sheri wore a coral flocked gown and Sonia wore a yellow flocked gown of identical style. They both wore picture hats and carried natural straw baskets of coral roses, yellow miniature mums, baby's breath, dried wheat and miniature cat tails. All five attendant's gowns were styled similar to the bride's and were made by the bride's aunt, Mrs. Jack Kolka of Pinconning.

John Failing, Jr. served as best man. Groomsmen were Gary Calkins of East Jordan and John Elsner of Gaylord. Ushers

were Kurt Kolka, brother of the bride, William Hart, Jr. and James Failing, Jr. Mitchell Linendoll and Kevin Pratt were in charge of programs.

A dinner-dance reception was held at the Officer's Club at Camp Grayling. Featured was a four-tiered wedding cake which was made and served by Mrs. Ruth Fenton.

For her going away attire, the bride wore light green pantsuit with beige accessories. Following a honeymoon trip to Canada and the Upper Peninsula, the newlyweds are making their home in Grayling.

For her daughter's wedding, Mrs. Kolka chose a floor length gown of coral polyester knit with matching accessories. Her corsage was of coral roses and white carnations.

Mrs. Hatfield wore a floor length gown of light green chiffon for the marriage of her son, with silver accessories. Her corsage was of yellow roses and white carnations.

The new Mrs. Hatfield is a 1974 graduate of Grayling High School. Her husband graduated from Grayling High School in 1971. Out of town guests present were from New York; Tarpon Springs, Fla., Toledo, Ohio; Taylor, Otter Lake, Flint, Clio, St. Helen, Rose City, Atlanta, Traverse City, Midland, South Boardman, Warren, Jackson, Grand Rapids, Roscommon, Higgins Lake, Gaylord, East Jordan, Frederic, Detroit, Livonia, Mt. Clemens, St. Clair Shores, Trenton, Flat Rock, Allen Park, Davison, Fenton, Bay City, Essexville, Muskegon, Pinconning and Roseville.

## Beet haters unite behind Sen. Humphrey

They laughed when the grass roots prognosticator sat down at his typewriter several months ago and boldly predicted that a good longshot bet for the Democratic presidential nomination would be...who else but Hubert?

In all modesty, I'll have to admit that the "grass roots prognosticator" to which reference is had in the preceding paragraph is the regular contributor in this particular space—namely, me.

But, folks, the odds on the Humphrey bet are going down.

A recent Gallup poll indicated that Sen. Humphrey has more strength against a re-election bid by President Ford than any other Democrat, save one.

A recent Gallup poll indicated that Sen. Humphrey at 20 percent rallied only Alabama Gov. George C. Wallace at 23 percent among Democrats asked for their preference for the nomination.

That's quite a show of strength for Humphrey, who isn't even campaigning—that is, any more than usual.

Astute political observers also will note these days that other astute political observers, more and more, are pointing to Hubert Humphrey as a good fall-back candidate for almost all the other Democratic hopefuls. In other words, Humphrey more and more is becoming a dominant factor in early Democratic presidential hand-capping.

We figured this would happen, and we figure Hubert really has his eye on the top job once again. For example, he is bidding for another important part of the popular vote with his recent stand on hot lunches.

Prognosticator's Note: Such things as committee votes on hot lunches may tend to escape most public attention, but "astute political observers" watch everything, including hot

lunch stands.

In a recent senate committee consideration of school lunches, Humphrey moved to amend the nation's free school lunch law to permit students to turn down menu items they don't like.

Humphrey explained it this way:

"My mother made me eat beets, and I didn't like beets, and I don't think any kid should have to eat beets if he doesn't like them."

And so the nation's hot lunch law will be amended, and the nation's untold millions of voters who don't like one vegetable or another—not just beets, but lima beans and carrots and broccoli, too — have found their champion in Sen. Hubert Humphrey.

Now, with those facts in mind, how can anyone deny that Humphrey is an honest-to-goodness all-but-announced candidate for president?

A quote from Chairman Sam:

When former Sen. Sam Ervin of North Carolina retired from public office a few months ago, the senate lost one of its more colorful figures.

Of course, Sam Ervin had been around a long, long time, and it took the limelight of the Watergate investigation, and his chairing of the special committee, to bring him into strong national attention.

Be that as it may, Sam Ervin has a way with words, and a manner of speaking, which helped him find a fond place in many hearts. An example of the Ervin style turned up in a recent letter to U.S. Rep. Jack Brooks, chairman of the House Government Operations Committee. Wrote Chairman Sam:

"The federal bureaucracy has become like the third curse of Moses—a suffocating plague of frogs brought forth from out of where they belong into the villages and the very houses of the people."

No further comment needed.

### Keep that piano man!

President Ford has appointed Creighton Holden the Assistant Secretary of Commerce in charge of tourism. This could be OK, or it could be Ford's dumbest move since he pardoned Nixon. It all depends on whether Bob Gibbs remains behind the piano at the St Clair Inn.

Let me explain (try to stop me). Creighton Holden owned the St Clair Inn for many years. It's one of Michigan's best-known pleasure spots, sitting on the St Clair riverbank just a few miles north of Detroit and a short swim from Canada. I grew up in the neighborhood, always aware that if a party were really high class, it would be held at the Inn and I wouldn't be invited.

As a teenage soldier, I did use my uniform and sharpshooter medals to sneak into some wedding receptions. It was at the Inn I learned it is not proper to pull a chair up to a buffet table and sit down and eat everything you can reach. I can still remember wondering why everyone else didn't also sit down instead of filing around me and then going off to eat out of their laps. I provided a severe test of patriotism that day.

In those days, the Inn's only barroom was the shape of a short hallway. If a person always stood facing the bar, and never sideways, the back wall was so close it was impossible to fall down. This was comforting to a lot of young servicemen who proceeded onward to make the world safe for Schitz.

Currently there is a best-selling book in which several celebrities reveal how and where they received their baptism of sex. I have no intention of following suit in this family newspaper. But, strictly in the interest of nostalgia, it should be noted that if my old gang were inclined to similar bragging, there would be suitably engraved plaques and perhaps a few shrines scattered throughout the St Clair Inn parking lot.

But forget the memories. We somehow won the war and the calendar pages flip-flipped with disgusting speed. The Inn prospered and

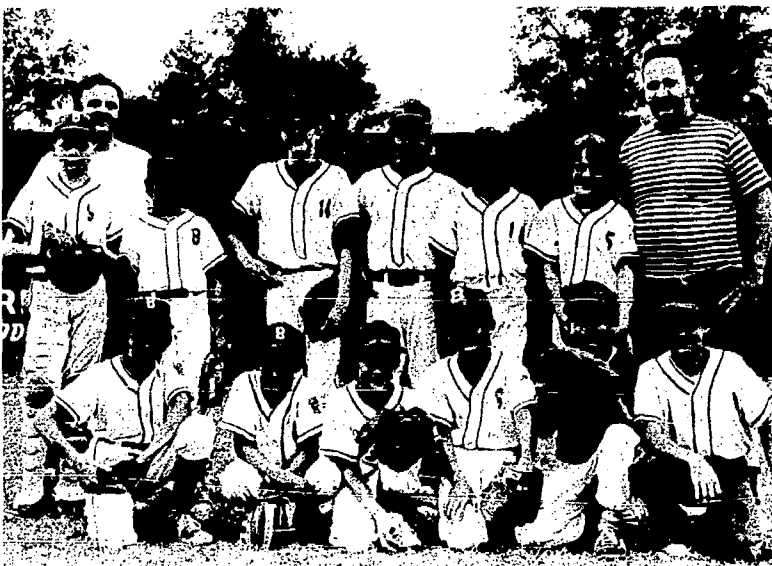

expanded. About 10 years ago Creighton Holden added a barroom so large a guy can stumble 20 times while pawing for the security of a wall. It's so close to the river the freighters make waves in your drink. Truly it is a lovely room and the nicest thing about it is the Bob Gibbs trio with Joyce Chicone singing.

Gibbs and I go way back to childhood. Our paper routes rubbed and we were in college together. All these years he was playing the piano, which was marvelous, and getting all the girls, which was disgusting. Once, in an East Lansing tavern, I sat in for his drummer, brushing and grimacing in Krupa style as the music poured from my soul. Surely, I thought, there will be percussion groupies reaching for my body tonight. But no. As usual, the piano player went home with a homecoming queen candidate. I went home with a bus driver who missed my stop by 2 blocks. I never drummed again.

But there is nothing parochial about my admiration for the Gibbs style at the piano. I pledge no troth with childhood buddies and if they grow up to displease me, they get no phony praise out of my typewriter. I am a great admirer of pop and jazz pianists, fellows like Errol Garner and Oscar Peterson and even Roger Williams when he isn't too hammy. Gibbs makes me as happy as any of them. When he plays "I Only Have Eyes for You" he is better than anyone. And when he plays something soft behind the lovely Ms Chicone, who can melt ice at 50 paces, the resulting sound is something to float upon, and dream about.

So you can see why I view President Ford's appointment with some trepidation. To take the tourism job, Creighton Holden sold his St Clair Inn. It would be tragically ironic if Holden's switch cut off my favorite form of tourism — a trip to the Inn to hear Gibbs.

I don't know the new owners. But if they'll promise to keep the Gibbs group, I'll promise not to sit down at their buffet table.

What Fall Is  
(By Jaymee Seidel)

Fall is driving down a winding country road beneath a blue ribbon of sky, while trees form walls of gold and orange to guide your way.

Fall is hooded sweatshirts and chilly hands and not minding at all that summer's heat is gone for awhile.

It is a puzzled new kitten chasing a windblown leaf. It is the smell of someone's fireplace, a smell that satisfies some primitive urge. Closing your eyes, you can almost see yourself peering out of the entrance of the cave.

Fall is raking leaves into piles as high as your waist and then fighting that impulse, left over from childhood, to run and dive into them. It is rediscovering those particular muscles you use for raking.

Fall is mixed emotions, like hearing the furnace kick on each morning.

It is the taste of sweet cider and applesauce doughnuts and that first cold tangy bite of fall's new crop of apples.

It is spiky purple wildflowers that don't know when to quit, milkweed fluff blowing in the air, brown pine needles carpeting the ground.

Fall is a giggling pile of leaves with two sneaker toes sticking out of it. Fall is tramping through the woods and thinking that the acrid scent of rotting bark and dead leaves is as inviting in its way as that of grass starting to grow in spring.

Fall is thoughts of turkeys roasting, witches flying, footballs sailing through the air.

It is a mountain of bright orange pumpkins at a roadside stand, a few ears of Indian corn to hang by the door, a squash pie for supper.

It's the now-and-then thump of pine cones on the roof as the resident squirrel harvests his winter supplies.

Fall is starting over, batten-

ing the hatches, digging in, getting ready....

It is trees decked out in colors so breathtaking that we wonder how spring's boring green can ever enchant us.

Every season has its own mood, its own message. Fall's mood is change and decay, but it speaks of rebirth, too. If spring says, "See? Your hopes paid off!" then fall is saying, "Patience. Courage. Wait and see." Fall is ... my very favorite time of year.

### your week ahead BY DR. A.W. DAMIS

Forecast Period: October 19 to October 25

**ARIES**  
Mar. 21-Apr. 19

Don't be surprised in the least—not in the least—if you meet an old friend—it's a week of nostalgia—a week of mixed emotions.

**TAURUS**  
Apr. 20-May 20

There's a difference between opportunity and temptation—a big difference. A gesture from a member of the opposite sex, will make the point.

**GEMINI**  
May 21-June 20

In a sense, you won't be able to see beyond your own existence. Glance into a mirror—you've been neglectful. Incidentally a first impression will be important.

**MOONCHILD**  
June 21-July 22

From time to time, there's an old chronic ailment that flares up. It's not necessarily a matter of poor health—but rather—over indulgence. Watch your diet!

**LEO**  
July 23-Aug. 22

The urge to make a change hits your sign as a fist. Some Leos will think in terms of a new project or a new residence.

**VIRGO**  
Aug. 23-Sept. 22

Day after day, you've made a little white lie function as well as the truth—prepare to add oil to the machinery. An associate will question your accuracy.

**LIBRA**  
Sept. 23-Oct. 22

It's not a good day to gamble—not even a nickel's worth. One other thing—an associate's actions won't bring you cheer. Above all, you won't hold the card—don't bluff.

**SCORPIO**  
Oct. 23-Nov. 21

Don't wander off on a train of thought about the opposite sex—today you'll receive important instructions. Detail is important, during this cosmic cycle.

**SAGITTARIUS**  
Nov. 22-Dec. 21

All should go well with your job, task or project. Furthermore, you'll be in position to give a little constructive criticism. You are entering a favorable period.

**CAPRICORN**  
Dec. 22-Jan. 19

Turn up the wick, according to your chart, you've put aside an important project—for a task that's far less rewarding. Prestige seems to be too important, this week.

**AQUARIUS**  
Jan. 20-Feb. 18

The twin wolves, jealousy and envy now stalk most members of your sign. Just keep plugging away at a long term project. Everything else will fall in place.

**PISCES**  
Feb. 19-Mar. 20

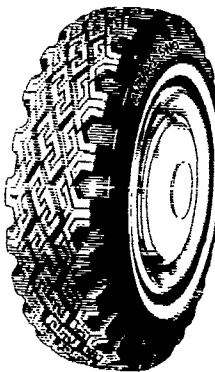

Just make it through the week—it seems as though most members of your sign will be crawling from one event to another.

# School Happenings —

## Superintendent's Corner

(By Fraser Dean)

One of the concerns that confronts a school system that begins to experience an unprecedented growth is maintaining communication and interaction with the communities it serves.

Only a few years ago the Crawford AuSable School District had an enrollment of less than 1,000 students. In effect, almost everyone in the community knew everyone else and every faculty member knew nearly every child that was enrolled in school. Now with an enrollment of 2,275 students, much of the familiarity and ease in communication that the small system encouraged, takes a more deliberate effort by both the school and the parent.

We in the Crawford AuSable School District are aware of this change and that is why we work even more actively in communicating with the residents of the school district through the use of the newspaper, radio, personal letter, phone call, school newsletters, open houses, parent teacher conferences, citizens committees, etc. In addition we are actively seeking more ways to actively involve parents, retirees, recent graduates, etc., in the activities and programs of the school.

We believe that the most successful educational programs must develop strong supportive partnerships between the school and the community, and between the teacher and his pupils' parents.

As we seek actively to keep you informed and as we seek actively to involve you in the various activities of the school, we ask that you do the same. Please make an effort to find out what the school's goals are. Please seek ways of becoming actively involved. If you are a parent find out who your child's teacher is and ask him or her what your child is supposed to learn. Find out how he or she can be helped at home.

If you have questions about the school, call me or call the school principal. Or better yet, come in and pay us a visit. Both the principals and I have plenty of suggestions on how you could become involved in some phase of the schools program.

**FOR SCHOOL SHOW CASE**—Mrs. Benson's third grade room is making decorations for the Elementary School show case. Mrs. Evelyn McIntosh collected dried weeds and thistles and spray painted them and the children brought in cans and covered them with contact paper, and then put sand in the bottom of the can and put the flowers in the cans. They put the flower pots in the showcase. Now the showcase is beautiful. Mrs. Benson's room is very nice and so is Mrs. Benson. Mrs. Benson is a very good teacher and she teaches very well. I had her in third grade, so I should know. Good-bye.

(by Monique Petrosky and Denise Patton)

**STUDENTS LEARN ABOUT TREES**—Mr. Hayes, Mrs. Kopicko's, Mr. Brigham's, Mrs. Bovee's and Mrs. Akers' classes went outside to see Mr. Hayes cut some elm and oak wood for science class. When he was finished we looked at the wood all cut up. The oak wood was darker than the elm. Then we took some of the wood to our classroom and counted the rings to see how old it was.

## Middle School News

The Middle School is making waves and finally becoming recognized for our students' fantastic abilities to build floats. We've been over-looked for years past, but this year we won big! The fifth and sixth graders took a whopping first place, deserving them a well earned congratulations. The seventh and eighth graders float received second place.

Themes for the floats were: 5th & 6th grade - Peter Rabbit: We'll Chew Em Up! and the 7th and 8th grade - Edgar Allan Poe's, "The Raven," "We're Raven For a Victory." The seventh grade also had a very fine float based on Winnie The Pooh! Our congratulations to all the students for their hard work and our sincere thanks to the Weiss, Weavers, and Golinicks and Kucharski's for the use of their garages during float construction. Well Done!!

Also happening at the Middle School is a new and innovative Science Program for the eighth graders. The basic concept behind the program is discovery by the student through experimentation and careful observation. The text book is a programmed one, where each student is allowed to work at their own pace, evaluating their progress at the end of each unit of work. It makes group work much more effective and so far most students seem to agree that science can be fun, in addition to learning a lot at the same time.

## Frederic Elementary School News

Salamanders have been the point of interest this week for students in Mrs. Batways' group. Paul Owens and Michael Wakeley brought salamanders to school. A terrarium was set up after looking in books and the "Ranger Rick" magazine to learn about the needs of a salamander. The class also learned about the difference between a salamander and a lizard.

Students from the intermediate level are becoming excited about intramural sports activities that will be held after school. Mr. Olson will be in charge of intramurals.

Children in Mrs. McEvers room have two library periods each week. Mrs. Johnson reads stories to the group and encourages them to look at books and "read" pictures.

The students in Mrs. Hawkins and Mrs. Ingvarsson's classes are happy to have their teachers back this week. The teachers have been working on Project Fast.

Mrs. Wilcox and Mrs. Skoglund have asked their class to save seeds and dry weeds for an art project. The students have been working on "tree diaries" for science. Each child chose a tree and kept a daily log on the color changes.

The resource program has some wood working tools on loan from C.O.O.R. After students study tool names, uses, and safety tips, they will begin building projects.

Mr. Hatfield's group have been busy all week taking assessment tests for the State.

## He is Terrific

Who has the tallest teeth in the territory? Who uses 2222 tubes of tasty toothpaste a week? To answer this mystery ask the gang from Mrs. Wilson's kindergarten.

It all started the day our friend, Munching Mouth Mr. M. complained of being lonely when we were not in school. He suggested inviting one of his good friends from the Letter People Land to join us. We waited anxiously for his arrival.

One day last week into the room he tiptoed, carrying the tallest toothbrush we've ever seen. His name is Mr. T. We think he is terrific and he thinks we are tops. We are tremendously happy to say that Mr. T. intends to stay. He is helping us discover the importance of his letter sound. He is even showing us how to keep our teeth in tip-top shape. Our class and Mr. M. are happy to have Mr. T. with us.

## Chamber

(Continued from page 1)

other resolution dealing with a proposed federal freight railroad system:

"Be it hereby resolved that the Board of Directors of the Grayling Regional Chamber of Commerce supports action calling for a two year moratorium on the implementation of the proposed ConRail Railroad System until adequate studies can be made.

It is further resolved that during this period the 100% federal subsidy of should be continued to insure consistent service."

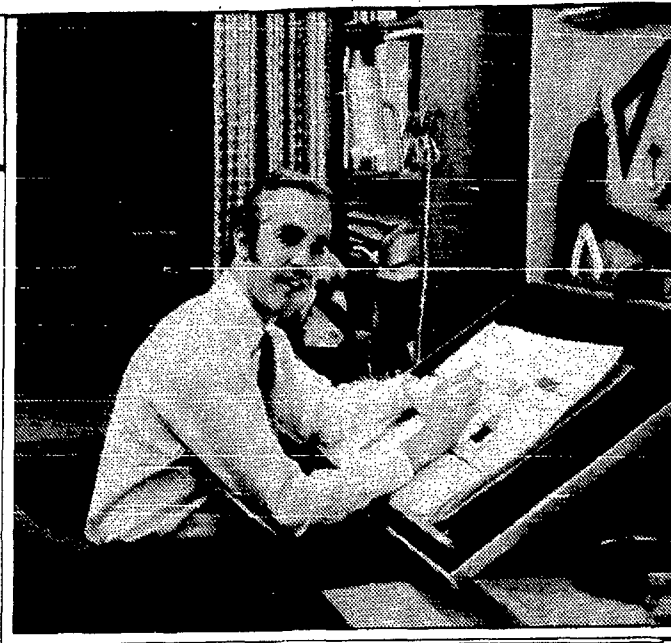

Concern was exhibited because the ConRail System Plan did not contain 1100 miles of Michigan's railroads, including the Penn Central line which passes through Grayling.

Although Governor Milliken has guaranteed continued service on the bankrupt rail lines through State subsidies, Manager Mike Steele reported that the current ConRail plan fails to address underlying problems and is detrimental to the State as a whole.

The resolution is being sent to Federal legislators for their review.

# MAKING PLANS

Do you like to build things... a bird house or a skyscraper? If you are such a person, you know that plans are involved, often difficult ones. Usually we use the drawing board before we start building.

Making plans may be called foresight or looking ahead — and we all know that this is necessary whether building an object or building your life.

As you make plans for the future, don't overlook one of the most effective and time-honored aids in building a strong character — your church! Like millions before you, you may find just what you need to make your plans succeed.

Achieve success? This is what we all want and what we plan for. Start your planning now by going to church next Sunday.

## JV's Lose To Rogers City

Costly penalties close to pay-  
dirt hurt the Grayling JV's as  
they dropped their season rec-  
ord to 2-4 following a 25-7 loss  
to Rogers City.

The Vikes proved they could  
move the ball in between the  
20's but couldn't put points up  
on the scoreboard. Grayling  
took the opening kickoff and  
marched down to the Huron's  
ten-yard line, but a penalty set  
them back and they ran out of  
downs.

The Hurons put 12 points on  
the board in the first half,  
scoring in the first and second  
quarters with the aid of several  
penalties against the Vikings.

Grayling came out fired up at  
the start of the second half and  
got the ball on a successful  
onside kick. They moved the  
ball well from there and Sherm  
Holey capped the drive with a

ten-yard run off tackle into the  
end zone, only to have it  
nullified by a holding penalty.

Coaches Charles Mires' and  
Dave Ferguson's squad scored  
their lone touchdown late in the  
fourth period when quarterback  
Scott Johnston hit Chris Austin  
on a 25-yard scoring strike.  
Johnston was moved up to the  
JV's when regular QB Chris  
Gonick was sent up to the  
varsity squad. He was 5 of 11 for  
58 yards passing on the night.  
Doug DeHart booted the con-  
version, his second straight for  
the season. DeHart's punting  
got the Vikes out of trouble  
several times during the contest  
as he averaged 35 yards on 3  
kicks.

Defensively, Jamie Cox came  
up from his safety position to  
make seven solo tackles and six  
assists. John Herrick, Bill O-  
Mara, Brian Ruddy, and DeHart  
were the other hitters on the  
squad.

Sherm Holley carried the ball  
18 times for 112 yards, while  
Dave Lepsy gained 46 yards.

The JV's travel to Petoskey this  
Thursday for a 6:30 p.m. con-  
test.

## Cross Country Team in Action

In their last home meet of this  
season, on October 9th, Gray-  
ling High School's Cross-Coun-  
try team defeated Harrison by a  
score of 22-39. Pete VanNuck, a  
senior at GHS, broke the old  
course record of 17 minutes, 29  
seconds, with a time of 16:57.

Pete, despite his record time,  
which is his last run on the  
course, only placed second.  
Other scorers for Grayling were:  
Paul VanNuck, third; Jim Gar-  
diner, fourth; John Steele,  
sixth; and Kurt Larson, seventh.

Earlier in the week, on  
October 7th, Grayling split a  
race by defeating Cheboygan  
and losing to Petoskey. This  
tri-way meet was run at Petos-  
key, on a three mile course set  
up near the High school.

Scorers for Grayling at Petos-  
key were Paul VanNuck, taking  
second over-all; Pete VanNuck,  
fifth; Jim Gardiner, twelfth;  
John Steele, fifteenth; and  
Ralph Larson, seventeenth.

These meets boosted the  
Cross-Country team's record to  
6-4, and a conference record of  
3-4. In the opinion of Coach  
Robert Woodland, so far the  
team has had a very good year.

## Football

[Continued from page 1]  
Homecoming celebration.

This Friday evening, Grayling  
will entertain the conference  
leading Petoskey Northmen on  
their home gridiron starting at  
8:00 p.m.

The Vikes scored first at  
Rogers City when Will Roach  
ran in for the touchdown early in  
the second period, and Grayling  
held a 6-0 lead at halftime.

The Hurons went ahead 7-6  
early in the third quarter, with  
the two squads moving the ball  
back and forth, with Grayling  
picking up 247 yards as sopho-  
more quarterback, Mark Gonick  
hit on 5 of 8 passes, and Roach  
picked up 149 yards, but were  
unable to score.

The hard fought third and  
most of the fourth quarter set  
the stage for the winning field  
goal by Bonamie.

"We all knew it was good and  
it took what seemed like  
minutes before the official  
signaled that it was," coach  
Mike Wieland said. "It followed  
the best offensive drive we have  
had all year," he added.

Wieland had praise for Gon-  
nick in his first varsity game  
filling in for the injured Alan  
Johnston, stating he did a  
remarkable job. He hit on two  
key passes in the Vikes last  
drive, and didn't crack under a  
lot of pressure.

The defense allowed the  
Hurons 114 yards in total  
offense and looked much better  
than last week, as the host  
squad was aided in their only  
score by several key penalties.  
Graylings errors resulted in 105  
yards in penalties, to the  
Hurons 30 yards.

Scott Hanson, Jeff Schlaack,  
Larry Baynham and Ray Wea-  
therly lead a strong defensive  
team effort with 14, 12, 11 and  
10 tackles and assists. The  
Hurons were allowed only 2.3  
yards per play, and 5 first  
downs.

It is hopeful that big Don  
Volmer will be able to play  
against the Northmen, as he  
has missed the last two games  
with an ankle injury. Besides  
leading the league, the North-  
men are rated 6th in the state in  
Class B, and the Viking defense  
will have their work cut for  
them.

## Stars At Night

On a clear night, with no moon  
out, between 2,000 and 2,500 stars  
can be seen with the naked eye.  
Many more can be seen with the  
aid of a telescope. Sirius is the  
brightest star.

Atoms  
Atoms are mostly hollow. If the  
nucleus in the center were  
enlarged until it measured an  
inch wide, the electrons swirling  
around it would form a spherical  
envelope 600 feet across. That's  
the length of two football fields.

Figuratively Speaking  
An aging Indian stood with his  
son on the hillside gazing down  
into a beautiful valley. "Son," he  
said, "someday all this land will  
belong to the Indians—again.  
Paleface all go to the moon."

## Volunteer Ed Program at Camp Shawono

LAURIE WIEBER, center, and Gus Konopnicki, left, during the evening snack break with some of the campers. Persons in the Grayling Area interested in helping tutor the boys should call Mr. Konopnicki at 348-5443. No previous experience is necessary and you can help a young person over a rough spot in his life, just as someone probably helped you along the line somewhere.

SISTER CHRYSOSTOM and SISTER FRANCES, Assistant Pastors of St. Mary's Church in Grayling help Gus Konopnicki prepare for an evening tutoring session. Dr. Wallace is in the foreground. Sister Chrysostom is a member of the Grayling Citizens Advisory Action Council who developed the Volunteer Education Program in conjunction with the Camp Staff.

## Senior Citizen Dinner - Dance October 28th

"Dear Hearts & Gentle People," "I'm Gonna Sit Right Down and Write Myself A Letter" to remind me of the Senior Citizen's dinner-dance on October 28. "It's Been A Long Long Time" since I went to the last one in the spring. I can still "Make Believe" that the "Star-dust" is falling and I'm dancing to the lovely music of the Genesee County Senior Citizen Orchestra. The "Moon Glow" is sparkling on my "Alice Blue Gown" and I'm "Young At Heart" again. "Don't Let The Stars Get In Your Eyes" and let this one "Pass Me By" — Come with just a "Paper Doll" for \$7.00 or come "Side By Side" for \$13.00. "A Good Man Is Hard To Find", so "Put On A Happy Face", "Put On Your Old Gray Bonnet", put on your "Buttons & Bows" and come "Downtown", "Down By The Riverside", "Because" "When You're Smiling" and "Makin' Whoopie" "There'll Be A Hot Time In The Old Town" the night of the 28th!

"Remember" the party starts at 5:00 with "Cocktails For Two" (or 3 or 4) "To Each His Own" and dinner at 6:30. Get your tickets before the 20th and "I'll See You In My Dreams!"
